

**We look forward to seeing you live again!**

Dear ladies and gentlemen,

this year WAGNER celebrates 75 years of company history. A perfect time to finally be represented again at the world's leading trade fair PaintExpo, which is taking place for the first time in four years due to Corona.

Under the motto "**Better solutions for future-proof coating technology**", we will be presenting our highlights in the liquid and powder coating, digitization solutions and services. Let our experts advise you and be inspired by our exhibits!

**POWDER COATING****E-Line Plus with PXM: 5 top advantages**

The proven E-Line entry-level system ensures efficient powder application, fast color changes and sustainable recovery with the **Energy Efficiency Package**. As an **extended E-Line Plus variant**, the system can now also be combined with the PXM powder center - for even higher demands on quality and productivity.

**E-Line & PXM  
powder center**  
5 top advantages[More about E-Line & E-Line Plus](#)**EVENTS****How you can powder coat complex workpieces easily  
& economically**

In March, we took part at the **BESSER LACKIEREN EXPO live**. We showed advanced technologies that can help you to coat especially complex workpieces with powder in a highly efficient way. In addition to **multi-zone coating**, **Smart Feeding Technology** and **fully automatic color change and cleaning processes**, IoT solutions such as **COATIFY** also make a significant contribution to increasing the productivity and transparency of your coating.
