

## How can I simplify my powder coating process?

Dear ladies and gentlemen,

If you ask yourself this question as a user in automatic powder coating, we have the solution - thanks to **WICOS!** The **integrated control and operating system** offers an intuitive touch display and diverse automatic functions to ensure easy operation of your WAGNER powder system - even with complex workpieces.

Your advantages with WICOS:

- Easy, safe & fast operation
- Efficient & continuous coating
- Future-proof control system (e.g. COATIFY ready)

## LIQUID COATING

### Powerful and versatile

The **Unica 3-125 double diaphragm pump** enables significant material and resource savings. The universal pump is suitable for all airspray or supply applications where the requested material pressure of a 1:1 double diaphragm pump is not high enough.
