

VECTOR PRO

Airless gun for professionals

Ideal for application of a variety of lacquers, emulsions and latex paints

Simple operation: Light trigger with 1-finger trigger lock

Especially ergonomic: handle is easy to clean with smooth swivel

Trigger guard with in-built wrench makes filter changes easy

Scope of delivery

Article No.

Airless gun Vector Pro, G-thread 7/8", incl. TradeTip 3 nozzle holder, with 2 finger trigger, without nozzle (A) 0538 041

Airless gun Vector Pro, G-thread 7/8", incl. TradeTip 3 nozzle holder, with 4 finger trigger, without nozzle (B) 0538 040

VECTOR GRIP

2 FINGER TRIGGER INCLUDED

THE advanced Airless gun

An optimal fit for every hand : Exchangeable ergonomic grip - available in three different sizes

Extra long life: robust packings, rotatable ball seat, replaceable ball, spring assembly outside of fluid path

Unbelievably cost-efficient replacement of wear parts: ball can be replaced and seat can be rotated. Will have you spraying again in no time.

Perfect adjustment for any object: Gun comes with 2 triggers. Spray with a 2 or 4 finger trigger.

Practical hooks give almost always the possibility to hang the gun somewhere during work interruptions e.g. on ladders and scaffolds

Extremely light trigger: for fatigue-free work

Airless gun Vector Grip, G-thread 7/8", incl. TradeTip 3 nozzle holder, with 2 and 4 finger trigger, without nozzle 0538 042

VECTOR INFINITY

THE PREMIUM Airless gun

for the perfect fit the hand grip is available in four different sizes: the customizable FingerPrint⁺ Grip (included with delivery) and additionally in the fixed sizes small, medium and large.

Infinity Packing System: robust packings, rotatable ball seat, replaceable ball, spring assembly outside of fluid path

Cost-efficient replacement of wear parts: simply replace ball, rotate ball seat and spray again in no time

Extremely light All-Day trigger: 60 % less strength required with the trigger pulled than on comparable guns

Improved flow thanks to direct material feed

Maximum spraying pressure of 345 bar: also allows spraying of high viscosity materials such as e.g. corrosion protection

WAGNER

VECTOR

PIONEERING SPRAYING TECHNOLOGY

The new generation of airless guns from **WAGNER** - ergonomic and durable

LEADING THE WAY!

In the development of the new Airless gun generation the focus was steered to user-friendliness and ergonomics. The result: three new Vector gun models, that are perfectly tailored to the specific needs of the users. At the same time the guns are robust for demanding everyday operation on the construction site as usual.

Another new feature is the low maintenance costs: The two guns Vector Grip and Infinity have a replaceable ball and a rotatable ball seat that can be exchanged quickly and cheaply. This increases additionally the service life of the gun.

THE GUNS IN DETAIL

Infinity Packing System

extends the life of the Airless gun quickly and cost-efficiently. Thanks to the replaceable ball and reversible seat the need to change the entire needle and spring assembly is reduced.

Extra light All-Day trigger

for fatigue-free work. This way also large projects can be sprayed easily.

Improved flow

due to direct material supply.

Free-moving swivel

allows comfortable working.

1-finger-lock

for ease of use. Stop and resume work again with only one hand.

Perfect for any hand due to FingerPrint® Grip

two dials allow the user to adjust the grip perfectly to their hand. That is unique in the market!

Exchangeable grip

for the perfect fit the hand grip is available in four different sizes: the customizable FingerPrint® Grip (included with delivery) and additionally in the fixed sizes small, medium and large.
